César Gil Lao

Software Developer

Profile

I am a software developer with 9 years of experience. I am passionate about creating visually striking, intuitive, scalable, and high-quality software with added value. I have extensive experience developing full web and mobile applications with technologies such as React.js, React Native, Flutter and Node.js. Also, I am always on personal or freelance side projects that allow me to learn about new tools and techniques that can improve the development process and ensure the quality of the final product.

Experience

Software Developer at Limónbyte, Aragua, VE

Feb 2022 — Currently

Full-stack development of web systems and apps based on mockups. Implementation of scalable development technologies. Also, support to the back-end team to complement the functionalities. The main niches are Uber-type apps, ERP, e-commerces and custom systems. Stack: React.js, React Native, Laravel, Nest.js, SASS, TailwindCSS.

Software Developer at Andysoft IT Services, Zacatecas, MX

Sep 2020 — Feb 2022

I developed ERP and POS systems from scratch, functionalities and maintenance in different web systems. All of these have hybrid mobile applications. Stack: Angular.js and PHP.

Freelance Software Developer at Alcaldía de Zamora, Miranda, VE

Mar 2020 — Sep 2020

As a part-time job I developed a tax system for one of the municipalities in the state. It has an environment for taxpayers and another for the employees of the collecting company. Stack: Angular and PHP.

Development and Database Coordinator at SITSSA, Caracas, VE

Dec 2017 — Feb 2021

I entered as a developer and during the course I was promoted to Coordinator of the Development and Database area. I managed several legacy administrative systems of the company and participated in the migration and unification of these to a new system.
